

Reading/Language Block

We finished reading the story Leonardo's Horse while working on finding the main idea and detail in a text. We also learned a lot about the Renaissance artists in our guided readers. Ask your child to show you how Leonardo Di Vinci wrote using mirror writing or what it felt like to "paint" the Sistine chapel. We also continued researching and writing about a famous inventor. Mrs. Bonk, our school librarian, challenged the class the to write an awesome science-fiction story, and I am happy to have several students taking her up on this challenge!

Math

We continued to work on our fraction unit. This week we went over multiplying fractions and understanding the relationship between fractions and decimals. Next week we will solve some story problems and write number sentences using fractions. Overall, the class did well on their NWEA test. Keep up the great work!

"I have a dream that my four children will one day live in a nation where they will not be judged by the color of their skin, but by the content of their character."
Dr. Martin Luther King

Compass Learning

Please encourage your child to complete an activity or two at home. Compass learning activities are completely individualized to meet your child's learning needs. Thanks for your help and support!

Science

The class is learning about the respiratory system, and they are creating a fake lung to understand how breathing works! The test will be next Friday. Study hard!

Miscellaneous

Please mark your calendars for Family Bingo Night on Friday, February 19th. It promises to be a fun time for all! And please keep those Box Tops for Education coming!

Have a wonderful weekend!
Kellie Dravet

HogWart's EXPRESS SCHEDULE

| Monday January 25 | Tuesday January 26 | Wednesday January 27 | Thursday January 28 | Friday January 29 |
