

NEWS FROM Mrs. Dravet

APRIL 15th

Reading/Language Block

We finished working on our Weslandia projects and they look terrific! Ask your child to tell you all about their special land!

The class did a really nice job of creating a land that really reflected their unique interests and personalities. Our next writing assignment will focus on researching animals with interesting adaptations. Your child will be reporting on their animal in three different ways. First, they will write a short informative piece that highlights some amazing facts. Next, they will write a short persuasive piece to convince me that their animal is the most amazing animal alive. And last, they will write a short, entertaining story about their animal. I'm looking forward to seeing their work!

Math

This week we continued Unit 8 which reviews addition and subtraction with fractions and introduces fraction multiplication and division. We will also reviewed for PARCC testing this week.

Mark Your Calendar

Incoming 6th grade orientation is on Tuesday, May 17th from 6:30-7:30. This is a great chance to tour the building, meet the administration and learn more about middle school.

Magical Birthdays!

Kate 4/11
Alex 4/11

Field Trip

Please remind your child to turn in their permission slip for the Art Institute Field Trip on Thursday, April 28th from 9:00-2:00 as soon as possible. Also, if you would like to volunteer as a chaperone ☺, please let me know!

Book Orders

If you would like to place an on-line book order, it's not too late. (I will be placing the order on Sunday.)

Spring Open House

It was great seeing so many of you at our Spring Open House! Your children do so many fabulous things - it was fun to showcase all of their hard work and effort. ☺

D.A.R.E.

Just a reminder that DARE graduation is on May 25th at Jay Stream.

I hope you are able to enjoy the beautiful weather this weekend! It looks like spring has finally sprung!
